Conference for
Federal Studies

Vol. III, No. 1

Dear Conference for Federal Studies Member:

I am writing to invite you to attend the Conference's panel session at the Annual Meeting of the American Political Science Association in New Orleans, on September 5, at the Jung Hotel in Room 5.

Under separate cover we are sending to you the four papers which will be delivered at the panel. The papers are:

"Intergovernmental Profiles in the Federal Systems of Austria and West Germany: A Comparative Perspective"
Christa Altenstetter
Department of Political Science
City University of New York
Graduate School and University Center and Queens College

"Federalism, Local Power and the Problem of Effecting Rapid Change in India"
Donald B. Rosenthal
Department of Political Science
State University of New York at Buffalo

"The Neglected Strata: States in the City-Federal Politics of Malaysia"
Cynthia H. Enloe
Clark University

"The Problem of Federal-Urban Relations in Canada"
Donald C. Rowat
Professor of Political Science
Carleton University, Ottawa

We hope you will be able to hear these presented and discussed. The papers were originally prepared for the conference "The Politics of Intergovernmental Relations in Federal Systems: Urban Perspectives", sponsored by the Center for the Study of Federalism and Urban Studies Program of Temple University held at the Warwick Hotel, August 26-29, 1973. Not all members could attend that Conference but we hope through this means to give the authors a wider audience, and Conference members the results of Conference for Federal Studies activities.

Sincerely yours,

Earl M. Baker
Coordinator
Conference for Federal Studies
